

The Rivertowne Plan ~ Discount Dental Plan

Yearly Enrollment Contract

The enrollment for The Rivertowne Plan is a yearly membership. The membership fee is \$200 for an individual member plus \$100 for each additional family member(s). This is a yearly contract; therefore it will terminate a year from the enrollment date, unless I renew. This is a discount plan and I am responsible for the fees as set by the office. All fees are subject to change.

The Rivertowne Plan allows me to have dental services at a discounted rate. I understand this plan and the fees are only good at the office of Rivertowne Dental, 6188 Oxon Hill Road, Suite 200, Oxon Hill, MD 20745. If I am referred to a specialist, I understand that I will be charged according to the specialist fees. I cannot use The Rivertowne Plan at any other office.

I understand I will receive two free exam and cleaning appointments during the annual term and this will include a full mouth x-ray at the initial cleaning appointment. I also understand I will receive a 50% discount off of all other services except implant restoration and orthodontic treatment; I will receive 20% off of implant restoration and orthodontic treatment.

I can request an estimate of the procedures before treatment. I understand I am responsible for payment at the time of service. I understand the Rivertowne Plan is not an insurance.
